 •Drop-in: Not available

AIR WATER INNOVATION HUB is an open innovation hub where companies, universities, local governments, and other organizations come together to address social challenges in Hokkaido. With social spaces and networking events, it creates opportunities to connect, share ideas, and develop new projects.

STARTUP HOKKAIDO is a region-wide initiative dedicated to building a startup ecosystem in Hokkaido with global ambitions. It brings together local and regional governments—including Hokkaido Prefecture, the City of Sapporo, and the Hokkaido Bureau of Economy, Trade and Industry—as well as universities, business organizations, and financial institutions to support startups across Hokkaido.

STARTUP HOKKAIDO works in collaboration with the J-Startup HOKKAIDO Program (*).
 * A program in which public institutions and private companies collaborate to select promising, locally rooted startups that are expected to succeed globally and provide them with intensive support.
